

SP IMAGES

Third-Party Logistics Services

About Us

SP Images is a full-service Distributor and Third-Party Logistics partner located in the transportation hub of Columbus, Ohio. In our Columbus facility, we process thousands of shipments each week and we believe in providing reasonable Third-Party Logistics solutions coupled with exemplary customer service.

Strategic Location

SP Images offers a highly scalable solution with competitive costs. Our 24-hour security monitored and climate controlled facility in Columbus Ohio can reach the entire United States, Mexico and Canada within 1 to 5 days ground shipping. We also offer international shipping and same day shipping for orders received by 1:00 PM EST.

Experience

Our team includes experienced professionals who are focused on making Third-Party Logistics a success for your company. We will partner with you for all of your Third-Party Logistics needs, whether it be direct to consumer or business to business. Our Traffic Department will ensure that your product is sent via the most optimal carrier to ensure the lowest freight cost and transit time.

Fulfillment

We offer many other services when necessary, such as product stickering, inventory cycle-counts and additional reporting. When your product is sent direct to consumer, we ensure that your brand is positively represented and that the customer experience is always satisfactory. We extend this quality service to any online marketplaces that you will be listing your Third-Party Logistics product.
